

## QUALITY POLICY

VENUS' s policy is to produce and supply products of processed fruits, which fully comply with the tailored quality requirements to our customers needs, through the implementation of processes that, additionally, have a controlled effect on the environment and the hygiene and safety of workers and following environmental and ethical policy.

The products of the company are:

- ❖ Peaches, pears, apricots, prunes, other fruits and fruit cocktail/salads in metal cans of various packages in various liquid packing mediums
- ❖ Peaches, pears, apricots, other fruits, and fruit cocktail/salads in plastic cups or pouches of various sizes, in various liquid or jelly packing mediums
- ❖ Peaches, pears, apricots, other fruits, and fruit cocktail/salads in jars of various sizes, in various liquid or jelly packing mediums
- ❖ Peach, pear, or apple puree in aseptic containers
- ❖ Fruit pieces in aseptic packaging
- ❖ Peaches or fruit mixtures in pouches
- ❖ Stuffed or unstuffed pitted or unpitted olives in plastic or metal containers or pouches of various sizes.

The company aims at supplying its customers with products of a constantly high level of quality and safety, while in addition provides excellent working conditions of hygiene and safety for its personnel, as well as implements production procedures that prove its respect to the environment.

For the above to be accomplished, the company has established an Administration System that meets the requirements of the Standards of BRC, IFS, ISO 22000, ISO 14001, ISO 45001, ISO 9001.

The Administration represented by the System Manager and with the active participation of all workers undertakes to act, control, evaluate and improve the company's performance to reach a high standard of efficiency on all operational levels.

The Administration takes all the necessary measures to encourage, both the company's workers for achieving constant improvement and its external collaborators, its suppliers and sub-suppliers, with the main purpose of constant and safe production of whole, original and sound products. Personally we, the Administration of VENUS,

declare that we:

Strongly support the spirit and the letter of the Administration Policy of our Company, in the way that this policy is demonstrated in the documentation of the Quality System and commit ourselves

to produce products of high quality, according to the relevant legal and regulatory requirement in force and to the bilaterally agreed requirements of our customers concerning the safety of the product and the legislation all in all.
